About Baby Beats

Rose Everett teaches music in a joyful, active way, allowing everyone to have fun and find success. With ten years of experience ranging from elementary to middle to high school, she found her passion in early childhood music education. Most recently, she taught Pre-K to 2nd grade music at St. David's School. She holds a B.S. in Music Education, a Masters of Music in Music Education, and certification in all three levels of Kodály training. She serves as President Elect for the North Carolina chapter of the Organization of American Kodály Educators.

Last summer, she and her husband moved to Durant Trails, welcoming their daughter, Madeleine, a few months later. This joyful addition marked the beginning of a new chapter as Rose stepped away from full-time teaching. She is excited to return to teaching by providing a musical opportunity for the littles of this neighborhood!

You can contact her at preverett@protonmail.com or 919-922-8220.
